

General Account Information

This form is required to establish a general account in the NOx Allowance Tracking System (NATS) and should be submitted to EPA by any person, company, or organization wishing to open such an account for the purpose of holding and transferring allowances under the NOx BudgetTrading Program. To open a new general account, complete all steps in this form, leaving the NATS account number and the Authorized Account Representative (AAR) ID blank for EPA to assign (unless you are an AAR for another account in NATS, in which case you should write in your AAR ID number). Both the AAR and the alternate (if applicable) must sign and date the certification statement in Step 6. To revise information associated with an existing general account, enter your NATS account number and AAR ID number and complete only those steps covering the information you wish to change. You must complete Step 6 to authorize the change of information. Only the AAR or alternate AAR can authorize the change, and only one signature is needed. The AAR should notify all persons who have an ownership interest in the allowances held in an account every time he or she makes a NOx BudgetTrading Program submittal.
